

**Half Yearly Compliance Report
2025
01 Jun(01 Oct - 31 Mar)**

Acknowledgement

Proposal Name	Expansion of chrysotile asbestos corrugated cement roofing sheet and accessories manufacturing plant 8000-15000 MTPM at 1 Taratolla road Kolkata west Bengal, M/s Everest Industries limited- Environment clearance reg-		
Name of Entity / Corporate Office	Evrest Industries limited		
Village(s)	N/A		
District	KOLKATA		
Proposal No.	F.NO. J-11011/156/2008-IA-II(I)	Category	Industrial Projects - 1
Plot / Survey / Khasra No.	N/A	Sub-District	N/A
State	WEST BENGAL	Entity's PAN	*****7550N
MoEF File No.	F.NO. J-11011/156/2008-IA-II(I)	Entity name as per PAN	EVEREST INDUSTRIES LIMITED

Compliance Reporting Details

Reporting Year 2025
Remarks (if any)
Reporting Period 01 Jun(01 Oct - 31 Mar)

Details of Production and Project Area

Name of Entity / Corporate Office	Evrest Industries limited	
	Project Area as per EC Granted	Actual Project Area in Possession
Private	2.829	2.829
Revenue Land	0	0
Forest	0	0
Others	0	0
Total	2.829	2.829

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	Crysotile asbestos cement corrugated roofing sheets and accessories	Others:MT per month	31/10/2028	15,000	103747.51	15,000

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	Statutory compliance	The company shall make the arrangement for fiber counting and monitoring facility at the plant.
PPs Submission: Complied Laboratory for Asbestos fiber count is established at site as per BIS standard. Regular Asbestos fiber and total dust monitoring has being carried out. Photograph of onsite Asbestos fiber sampling and counting laboratory is provided at site is attached		Date: 24/06/2025
2	AIR QUALITY MONITORING AND PRESERVATION	The Company shall comply with total dust emission limit of 2mg/Nm3 as notified under the Environment (Protection) Rules 1986. Adequate measures should be adopted to control the process emission and ensure that the stack emission of asbestos fiber shall not exceed the emission limit of 0.2 fiber/cc. Further, in the work zone area the fiber count shall not exceed 0.1 fiber/cc. Monitoring of dust and fibers shall be done as per the guidelines of West Bengal Pollution Control Bhubaneswar/CPCB/SPCB.
PPs Submission: Complied Adequate dust control measures such as Dust collector with bag filters are provided at dust generating sources such as BOD, HGW and Carbo Cutting etc. Regular Asbestos fiber being monitored through the inhouse laboratory and dust monitoring has been carried out by third party MOEFCC approved laboratory. Total dust and asbestos fiber is within the stipulated emission limit. Monitoring report of Asbestos fiber and Total dust of compliance period is attached as		Date: 24/06/2025
3	Statutory compliance	Bags containing asbestos fiber shall be stored in closed area to avoid fugitive emission of asbestos fiber in the environment. (a) All material transfer points shall be connected to dust extraction system. (b) Leakages of dust from machines and ducts shall be plugged. (c) Floor shall be cleaned by vacuum cleaner only. (d) Covered belt conveyer shall be used instead of manual transportation of asbestos within the premises.
PPs Submission: Complied Asbestos containing bags are stored in dedicated asbestos storage godown with restricted entry with specific PPES. (a) Asbestos material is transferred through the conveyer to BOD which is closed bag opening device and dust collector is provided to BOD. (b) Dust leakages are regularly monitored and stopped immediately also dust collectors are connected to dust potential equipment such as BOD, Carbo cutting etc. (c) Floor cleaning is carried out through the vacuum cleaner and wet mopping with compulsion of required PPEs. (d) Belt conveyor system is used for transportation of asbestos fiber bag.		Date: 24/06/2025
4	Statutory compliance	Regular measurement of pollutants (SPM, asbestos fiber count) in the work zone area and stack (s) shall be undertaken by setting up a dedicated laboratory. In addition, the asbestos fiber count in the work

		zone area shall be got monitored by an Independent Monitoring Agency like NIOH, ITRC/NCB etc. on a six-monthly basis. The monitored data shall be submitted to the State Pollution Control Board West Bengal once in three months and to Ministry's regional office at Bhubaneswar, every six months.	
PPs Submission: Complied Asbestos fiber and total dust at work zone and stack is being monitored through the our own onsite laboratory and environmental monitoring such as Ambient air including SPM, Stack emission, Noise, effluent has been carried out by third party MOEF CC approved laboratory. Laboratory for Asbestos fiber count is established at site as per BIS standard. Regular Asbestos fiber monitoring has been carried out. Total dust and asbestos fiber is within the stipulated emission limit. The monitoring records are maintained at site and submitted to MOEF and cc regional office along with environmental clearance compliance report. Monitoring report of Asbestos fiber and Total dust of compliance period and Environmental monitoring is attached			Date: 24/06/2025
5	WASTE MANAGEMENT	The quantity of water consumption shall be limited to 153 KLD and no process effluent shall be discharged. The entire process effluent shall be reused/recycled in the manufacturing process. The domestic waste water shall be treated in Sewage Treatment Plant and utilized for cooling and gardening after complying the norms prescribed by the State Pollution Control Board West Bengal.	
PPs Submission: Complied Water consumption is within the stipulated limit . Generation of process effluent is not envisaged. No discharge of sewage effluent outside the factory. The treated STP Water (after complying norms of WBPCB) is used for gardening purpose .			Date: 24/06/2025
6	AIR QUALITY MONITORING AND PRESERVATION	Asbestos Containing residues, Asbestos sludge and cuttings and Dust Particles generated from Exhaust Gas treatment shall be fully recycled in the process.	
PPs Submission: Complied Asbestos dust from dust collector including Asbestos contained solid waste are being pulverized and consumed in the process. Asbestos contained sludge is being completely recycled in the process. Please refer attached Hazardous waste annual return FORM IV			Date: 24/06/2025
7	Human Health Environment	The cut and damaged fiber bags shall be handled with utmost care and shall be immediately repaired. Piling of AC sheet and products shall be done in wet condition only.	
PPs Submission: Complied Cut and damaged bags are immediately closed with adhesive tape to avoid the spillage. Piling of AC sheet and waste product are done in wet condition with dust control measures.			Date: 24/06/2025
8	Statutory compliance	The project proponent shall adhere to the prescribed BIS standards and laws regarding use and handling of asbestos, safety of employees etc. Raw materials like asbestos fibre and cement should be transported in closed containers. Asbestos fibre shall be brought in palletized form, in impermeable bags and under compressed condition.	
PPs Submission: Complied Asbestos handling and use is followed as per the BIS standards and national, state statutory requirements and safety of Employees are strictly followed and closely monitored. Based on BIS, Standard operation procedures (SOP) are prepared and implemented at plant operations. Asbestos fiber and dust monitoring is being done as per IS standard. PPEs such as Uniform, Dangri to those workers are working in Fiber mill area ,Safety Helmet, Dust Mask FFP2 (EN 149: 2001) Safety Shoes ,Helmet and Hand Gloves are provided to all the workers. Raw materials like asbestos fiber and cement are transported enclosed container. Asbestos fiber brought in palletized form in			Date: 24/06/2025

impermeable bags and under compressed conditions. Monitoring report of Asbestos fiber and Total dust of compliance period is attached.		
9	Statutory compliance	Blue asbestos shall not be utilized as raw material in the manufacturing process. A written commitment in this regard shall be furnished within a period of three months
PPs Submission: Complied No Blue Asbestos is allowed to import. Only Chrysotile type (White) Asbestos is utilized as raw material in manufacturing process. Commitment letter for not utilising Blue Asbestos by Factory Head is attached .		Date: 24/06/2025
10	Statutory compliance	There shall be no manual handling/opening of asbestos fiber bags. As proposed the company shall install fully automatic fiber handling system with bag opening device and fiber storage and batching system. Dust extraction system with bag filters and chimney will be installed with fiber handling system.
PPs Submission: Complied No manual handling/opening of asbestos fiber bags at site. Asbestos handling is through the closed automatic system such as Bag opening devices (BOD). Dust extraction device such as dust collector is provided to outlet to BOD equipment. Photograph of automatic and closed system of Bag opening devices (BOD) installed at site is attached		Date: 24/06/2025
11	AIR QUALITY MONITORING AND PRESERVATION	Fugitive emissions generated from hopper of Jaw crusher and Pulverize shall be channelized through hood with proper suction arrangement shall be connected to bag filter and stack.
PPs Submission: Complied Dust collectors are provided to avoid the fugitive dust emissions at crusher and pulveriser. Photograph of dust collectors installed at site is attached		Date: 24/06/2025
12	Human Health Environment	Regular medical examination of workers and health monitoring of the employees shall be carried out and record maintained up to minimum 40 years from the beginning of employment or 15 years after retirement or cessation of employment whichever is lower. A competent occupational health physician should be appointed to carry out medical surveillance. The occupational health monitoring must be strengthened to include periodic (six months) sputum test along with pulmonary test supplemented by X-Ray test annually. The company should also provide medical and health and facilities at the workplace and if cases of asbestosis are detected, necessary compensation shall be arranged under the existing law
PPs Submission: Complied Medical Examinations and records of individual employee are being complied as per Factory Act and Factory rules as notified. A competent and qualified medical officer and his team are engaged to carry out medical surveillance as per statutory requirement		Date: 24/06/2025
13	Statutory compliance	Out of total 6.99 acres plot area, 2.3 acres area shall be developed as green belt with local species in consultation with DFO as per CPCB guidelines.
PPs Submission: Complied Green belt is developed in and around the factory as per the regulatory requirement with consulting with DFO as per CPCB guidelines. Please refer for green belt statement, Photos, Species etc.		Date: 24/06/2025
14	Corporate Environmental Responsibility	The Company shall undertake eco-development measures including community welfare measures in the project area for the overall improvement of the environment. The eco-development plan should

		be submitted to the West Bengal Pollution Control Board within three months of receipt of this letter for approval.
PPs Submission: Complied Eco-development activities for development of environment : 1. Green belt outside the premises along the boundary wall and inside the factory premises. 2. Upgrading of pollution control system 3. Water conservation etc. Welfare activities are done through the CSR activities of the company. Please refer CSR Report of FY 2024-25.		Date: 24/06/2025
General Conditions		
Sr.No.	Condition Type	Condition Details
1	Human Health Environment	Proper housekeeping shall be maintained within the plant premises. Process machinery, exhaust and ventilation systems will be laid in accordance with Factories Act. Better housekeeping practices shall be adopted for improvement of the environment within the work environment.
PPs Submission: Complied Good housekeeping is maintained in and around the factory premises. Please refer for Good Housekeeping practices at site.		Date: 24/06/2025
2	Statutory compliance	No further expansion or modifications in the plant shall be carried out without prior approval of the Ministry of Environment and Forests. In case of deviations or alterations in the project proposal from those submitted to this Ministry for clearance, a fresh reference shall be made to the Ministry to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
PPs Submission: Complied Noted.		Date: 24/06/2025
3	AIR QUALITY MONITORING AND PRESERVATION	At no time, the emissions shall exceed the prescribed limits. In the event of failure of any pollution control system adopted by the unit, the unit shall be immediately put out of operation and shall not be restarted until the desired efficiency has been achieved.
PPs Submission: Complied Noted and compliance assured.		Date: 24/06/2025
4	AIR QUALITY MONITORING AND PRESERVATION	Fugitive emissions in the work zone environment, product, and raw materials storage area shall be regularly monitored. The emissions shall conform to the limits imposed by the State Pollution Control Boards/Central Pollution Control Board.
PPs Submission: Complied Fugitive emission parameters are maintained within permissible limit as prescribed by SPCB/CPCB. Environmental monitoring is attached.		Date: 24/06/2025
5	AIR QUALITY MONITORING AND PRESERVATION	The locations of ambient air quality monitoring stations shall be reviewed in consultation with the State Pollution Control Board and additional stations shall be installed, if required, in the downwind
PPs Submission: Complied Noted and Complied.		Date: 24/06/2025

6	WASTE MANAGEMENT	The project authorities shall strictly comply with the rules and guidelines under Manufacture. Storage and Import of Hazardous Chemicals Rules, 1989 as amended and Hazardous Waste (Management and Handling) Rules. 1989, as amended from time to time. Authorization from the SPCB shall be obtained for collection, treatment, storage, and disposal of hazardous wastes.
PPs Submission: Complied All hazardous wastes are handled and disposed as per the hazardous waste management rules 2016. Please referee Copy of FORM IV of hazardous waste.		Date: 24/06/2025
7	Noise Monitoring & Prevention	The overall noise levels in and around the plant area shall be kept well within the standards by providing noise control measures including acoustic hoods. silencers, enclosures etc. on all sources of noise generation. The ambient noise levels shall conform to the standards prescribed under Environment (Protection) Act, 1986 Rules, 1989 viz. 75 IBA (day time) and 70 dBA (night time)
PPs Submission: Complied The ambient noise level within the factory and DG set noise is regularly monitored by Moef and cc approved laboratory. Noise level is within the stipulated limit. For noise monitoring report : Ambient Noise and DG set Noise.		Date: 24/06/2025
8	Corporate Environmental Responsibility	The project authorities will set-up a separate environmental management cell for effective implementation of all the above stipulations under control of Sr. Executive.
PPs Submission: Complied Complied.		Date: 24/06/2025
9	Corporate Environmental Responsibility	Adequate funds shall be earmarked towards capital cost and recurring expenditure/annum respectively for environment pollution control measures and shall be used to implement the conditions stipulated by the Ministry of Environment and Forests as well as the State Government. An implementation schedule to implement all the conditions stipulated herein shall be submitted to the Ministry at its Regional Office at. The funds so provided shall not be diverted for any other purpose.
PPs Submission: Complied Adequate funds / budgets are allocated on annually for Environmental conservation / pollution control measures. Fund is being provided towards capital cost for implementation of conditions stipulated by MOEF /State Govt. Please referee Details of Environmental expenditures statement like, Envnt. Monitoring, Green belt, STP chemicals.		Date: 24/06/2025
10	Statutory compliance	The Regional Office of this Ministry/Central Pollution Control Board/State Pollution Control Board will monitor the stipulated conditions. A six-monthly compliance status report shall be submitted to monitoring agencies and shall be posted on the website of the Company.
PPs Submission: Complied Six monthly compliance report is submitted along with a quarterly report on results of the environmental monitored data are submitted to the RO- MoEF and CC Kolkata, ZO-CPCB, Kolkata and the SPCB, Nashik		Date: 24/06/2025
11	Statutory compliance	The project proponent shall it form the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the SPCB and may also be seen at Website of the Ministry at http://envfor.nic.in . This shall be

		advertised within seven days from the date of issue of the clearance letter, at least in two local newspapers that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same shall be forwarded to the concerned Regional Office of the Ministry.
PPs Submission: Complied Complied. EIL has already informed in writing to RO of MOEF about the date of start of project.		Date: 24/06/2025
12	Corporate Environmental Responsibility	The project authorities shall inform the Regional Office as well as the Ministry. the date of financial closure and final approval of the project by the concerned authorities and the date of start of the project.
PPs Submission: Complied Complied		Date: 24/06/2025
13	Statutory compliance	The Ministry reserves the right to stipulate additional conditions, it found necessary. The company in a time bound manner will implement these conditions.
PPs Submission: Complied Noted.		Date: 24/06/2025
14	Statutory compliance	Any appeal against this environmental clearance shall lie with the National Environment Appellate Authority, if preferred within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Authority Act. 1997.
PPs Submission: Complied Noted.		Date: 24/06/2025
15	Statutory compliance	The above conditions will be enforced, inter-alia under the provisions of the Water (Prevention and Control of Pollution) Act 1974, Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 hazardous Wastes (Management and Handling) Rules. 2003 and the Public Liability Insurance Act. 1941 along with their amendments and rules.
PPs Submission: Complied Noted.		Date: 24/06/2025
