**Compliance Reporting Details**

<b>Reporting Year</b>	2025
<b>Remarks (if any)</b>	Asbestos cement sheet project at Lakesari, Roorkee Haridwar Uttaranchal by M/s. Everest Industries Ltd.
<b>Reporting Period</b>	01 Jun(01 Oct - 31 Mar)

**Details of Production and Project Area**

<b>Name of Entity / Corporate Office</b>	Everest Industries Ltd	
	<b>Project Area as per EC Granted</b>	<b>Actual Project Area in Possession</b>
Private	8.41	8.41
Revenue Land	0	0
Forest	0	0
Others	0	0
Total	8.41	8.41

**Production Capacity**

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	Light gauge sheet frames	Tons per Annum (TPA)	31/03/2028	2500	0	1008
2	Non-asbestos flat cement sheets	Tons per Annum (TPA)	31/03/2028	72000	59075.552	72000
3	Asbestos Cement Corrugated Sheet	Tons per Annum (TPA)	31/03/2029	180000	116923.78	180000
4	Rapid construction modular panels	Tons per Annum (TPA)	31/03/2028	16100	13855.907	16100

## Conditions

### Specific Conditions

Sr.No.	Condition Type	Condition Details
1	AIR QUALITY MONITORING AND PRESERVATION	Fugitive emission shall be controlled by bringing cement in closed tankers, fly ash in covered trucks and asbestos in impervious bags opening inside a closed mixer. Bag filters shall be provided at bag opening, bag shredder, fiber mill and to cement silo. Fugitive emissions generated from hopper of jaw crusher and pulverizer shall be channel zed through hood with proper suction arrangement, bag filter and stack. Proper air pollution control system shall be installed to control fugitive and air emission at cement, fly ash and asbestos fiber handling area.

#### PPs Submission: Complied

Cement is transported in closed tankers, fly ash in bulker and asbestos in impervious bags opening inside a closed mixer. Air pollution control system fitted with bag filters with reverse pulse jet system installed at all stations of potential dust emissions.

Date:

29/05/2025

2

AIR QUALITY MONITORING AND PRESERVATION

The company shall comply with total dust emission limit of 2 mg/Nm<sup>3</sup> as notified under the Environment (Protection) Act 1986. Adequate measures shall be adopted to control the process emission and ensure that the stack emission of asbestos fiber shall not exceed the emission limit of 0.2 fiber/cc. Asbestos fiber in work zone environment shall be maintained with in 0.1 fiber/cc.

#### PPs Submission: Complied

Regular Environmental monitoring is carried out by M/S Enviro-Tech Services. Ghaziabad, (MoEF and CC approved agency) on monthly basis and report submitted to MOEF on Monthly Basis. Total dust emission limit of 2 mg /Nm<sup>3</sup> stack emission of Asbestos fiber 0.2 fiber/cc and asbestos fiber in the work zone environment less than 0.1 fiber/cc have maintained.

Date:

29/05/2025

3

Statutory compliance

There shall be no manual handling/opening of asbestos fiber bags. The company shall install fully automatic asbestos fiber debagging system before commissioning the unit.

#### PPs Submission: Complied

Date:

Fully automatic bag opener device is in operation.		29/05/2025
4	Statutory compliance	The project proponent adhere to the prescribed BIS standard and laws regarding use and handling of asbestos, safety of employees etc. Raw materials like asbestos fiber and cement shall be transported in closed containers. Asbestos fiber shall be brought in palletized form in impermeable bags and under compressed conditions.
<b>PPs Submission:</b> Complied The Project proponent adhered to the prescribed BIS Standard and law regarding use and handling of asbestos. We are providing to workers 1. Uniform 2. Dangri to those workers are working in Fiber mill area 3. Personal Protective Equipments Safety Helmet Dust Mask FFP2 (EN 149: 2001) Safety Shoes Hand Gloves Raw materials like asbestos fiber and cement are transported in closed container. Asbestos Fiber brought in palletized form in impermeable bags and under compressed conditions.		Date: 29/05/2025
5	AIR QUALITY MONITORING AND PRESERVATION	Bags containing asbestos fiber shall be stored in enclosed area to avoid fugitive emission of asbestos fiber from damaged bags, if any .The cut and damaged fiber bags shall immediately be repaired. Pilling of AC sheets is done in wet condition only.
<b>PPs Submission:</b> Complied Bags containing asbestos fiber are store in Fiber Store enclosed area and cut and damaged fiber bags immediately repaired (tapped). Pilling of sheets is done in wet condition.		Date: 29/05/2025
6	Statutory compliance	Only chrysotile white asbestos fiber shall be used. Blue asbestos shall not be utilized as raw material in the manufacturing process. A written commitment in this regard shall be furnished within a period of one month
<b>PPs Submission:</b> Complied We are using chrysotile white asbestos only		Date: 29/05/2025
7	Human Health Environment	To educate the workers, all the work places where asbestos dust may cause a hazard shall be clearly indicated as a dust exposure area through the use of display signs which identifies the hazards and the associated health effects.
<b>PPs Submission:</b> Complied Asbestos related safety study material /MSDS is distributed among all the employees and safety instructions board is displayed in various areas. Warning signage display in plant at various location.		Date: 29/05/2025
8	AIR QUALITY MONITORING AND PRESERVATION	Regular measurement of pollutants (SPM, Asbestos Fiber Count) in the work zone and stack(s) shall be undertaken by the project proponents. In addition the asbestos fiber count in the work zone area shall be mentioned by an independent monitoring agency like NIOH/IRTC/NCB or any other approved agency and reports submitted to the Ministry office at Dehradun/UEP PCB and CPCB
<b>PPs Submission:</b> Complied Regular measurements are being carried out in house. M/S Enviro-Tech Services. Ghaziabad, (MoEF approved agency) is also independently carrying out the tests and reports are being submitted to concerned authorities on Quarterly basis.		Date: 29/05/2025
9	AIR QUALITY MONITORING AND PRESERVATION	The company shall ensure that the entire solid waste generated including process rejects, Cement Fly Ash, Dust from bags shall be recycled in the manufacturing process. Process sludge shall be 100 percentage recycled and reused in the process. Hazardous waste shall be ground in dust proof pulverizer with integrated bag filter and recycled back to the process. Asbestos fiber which cannot be further

		recycled due to contamination of iron dust shall be stored in HDPE lined secured land fill. The disposable facilities for asbestos waste shall be in accordance with the bureau of Indian standard code. The sludge from STP shall be used from green belt..
<b>PPs Submission:</b> Complied Solid waste are being pulverized and consumed in the process. Sludge is being completely recycled. Sludge from STP is used as manure for gardening.		Date: 29/05/2025
10	Human Health Environment	Regular medical examination of the workers and health monitoring of all the employees shall be carried out and if cases of asbestosis are detected, necessary compensation shall be arranged under the existing laws. A competent occupational health physician shall be appointed to carry out medical surveillance occupational health of all the workers shall be monitored for the lung function test chest x rays, sputum for acid fast bacilli (AFC) and asbestos body (AB), urine for sugar and albumen, blood tests for TLC, DLC, ESR, Hb and records maintained for at least 40 years from the beginning of the employment or 15 years after the retirement or cessation of employment whichever is later. Occupational Health Surveillance shall be carried out as per the directives of the Hon able Supreme Court.
<b>PPs Submission:</b> Complied Point noted. We have appointed a full-time health physician to monitor the health condition of all the employees. We are conducting periodic medical examinations of our employees. We have to maintain the health record of employees. PFT, X-ray sputum test etc. Done regularly.		Date: 29/05/2025
11	AIR QUALITY MONITORING AND PRESERVATION	Proper housekeeping shall be maintained within the plant premises. Process machinery, exhaust and ventilation system shall be laid in accordance with Factories Act. Better housekeeping practices shall be adopted for improvement of the environment within the work environment also. These includes: (a) All monitoring transfer points shall be connected to exhaust extraction system. (b) Leakage or dust from machines and ducts shall be plugged (c) Floor shall be cleaned by vacuum cleaners only. (d) Enclosed belt conveyor shall be used instead of manual transportation of asbestos within the premises. (e) Cement and fly ash should be stored in silos.
<b>PPs Submission:</b> Complied Proper housekeeping is maintaining in plant premises. All process machinery, exhaust and ventilation system installed as per Factories Act. (a) All monitoring transfer points are connected to dust collector. (b) Dust collectors are mounted on each point. (c) General floor is cleaning by wet moping. (d) Housekeeping done by vacuum cleaner in fiber mill area. (e) Belt conveyor system is used for transportation of asbestos fiber bag. (f) Cement and Fly ash is stored in Silo		Date: 29/05/2025
12	AIR QUALITY MONITORING AND PRESERVATION	Total water requirement from ground shall not exceed 266 cubic meter /day as per the permission accorded by the Central Ground Waste Authority (CGWA). All the recommendation of CGWA shall be implemented in the time bound manner. All the treated effluents shall be implemented in the process. No process water shall be discharged outside the premises and Zero discharge shall be maintained. All the domestic water shall be treated in the Sewage Treatment Plant (STP) and used for green belt development.
<b>PPs Submission:</b> Complied S. N Month Average consumed water per day 1 Oct-24 216.01 2 Nov-24 219.28 3 Dec-24 226.55 4 Jan-25 232.10 5 Feb-25 205.17 6 Mar-25 233.33		Date: 29/05/2025
13	Statutory compliance	The company shall also undertake rain water harvesting measures and plan of action shall be submitted to the Ministry of Environment

		and Forest within three months.
<b>PPs Submission:</b> Complied Implemented. Six rainwater recharging wells in place. Apart from these two ponds have been created to accumulate heavy down pour.		Date: 29/05/2025
14	GREENBELT	Green belt shall be developed in 5.25acres (33 Percentage ) out of total 20.8 acre land with local species in consultation of DFO as per CPCB guidelines green belt will be developed in .
<b>PPs Submission:</b> Complied We have maintaining green belt area.		Date: 29/05/2025
<b>General Conditions</b>		
Sr.No.	Condition Type	Condition Details
1	Statutory compliance	The project authorities must strictly adhere to the stipulations made by the Uttarakhand Environmental Protection and Pollution Control Board (UEP and PCB) and the State Government.
<b>PPs Submission:</b> Complied Being Followed		Date: 29/05/2025
2	Statutory compliance	No further expansion/modification in the plant shall be carried out without prior approval of Ministry of Environment and Forests.
<b>PPs Submission:</b> Complied We will not do any expansion /modification in the plant without prior approval of ministry of Environment and Forest.		Date: 29/05/2025
3	Human Health Environment	The project proponents shall also comply with safe guards recommended in the EIA/EMP Report.
<b>PPs Submission:</b> Complied Complied.		Date: 29/05/2025
4	MISCELLANEOUS	The project authorities shall set up a separate environmental management cell for effective implementation of all the above stipulation under control of Senior Executive..
<b>PPs Submission:</b> Complied Environment Management cell in place. Headed by Factory Manager (Works).		Date: 29/05/2025
5	WASTE MANAGEMENT	The project authorities must strictly comply with the rules and regulations with regards to handling and disposal of hazardous waste in accordance with the Hazardous Wastes (Management and Handling) Rules,2003
<b>PPs Submission:</b> Complied Complied We have received the authorization certificate UEPPCB/HO/Con/J43/2024/522 dated 15.07.2024 Validity-31-03-2029		Date: 29/05/2025
6	Statutory compliance	The Regional Office of this Ministry at Lucknow /CPCB/UEP and PCB shall monitor the stipulated conditions. A six-monthly compliance status report and the monitored data along with statistical

		interpretation shall be submitted to them regularly.	
<b>PPs Submission:</b> Complied Regional MOEF officer monitored the stipulated conditions on dated 03-12-2024 We are submitting the six-monthly compliance status reports regularly. Last compliance status report (EIL/BW/RNK/AC/7/2024 Dated 03-12-2024) was submitted. Environment monitoring reports are submitting on Quarterly basis.		Date:	29/05/2025
7	Statutory compliance	The above conditions will be enforced inter-alia under the provisions of the water (prevention and control of pollution) Act, 1974 the air (prevention and control of pollution) Act 1981 the environment (Protection) Act 1986, Hazardous wastes (Management Handling) Rules 2003 and the public liability insurance act 1991 along with their amendments and rules.	
<b>PPs Submission:</b> Complied Noted		Date:	29/05/2025
8	Statutory compliance	As mentioned in the EIA/EMP, Rs 180.00 Lacks and Rs 27.70 Lack kept towards capital cost and recurring cost/annum for environmental pollution control measures shall be judiciously used to implement the conditions stipulated by the Ministry of Environment and Forests as well as the State Government. An implementation schedule to comply with all the conditions stipulated herein shall be submitted to the Ministry Regional Office at Dehradun/CPCB/UEP and PCB. The funds so provided shall not be diverted for any other purpose.	
<b>PPs Submission:</b> Complied Expenses for environmental management plant items wise as on March-25 List Enclosed with Annexure No- 2).		Date:	29/05/2025
9	Statutory compliance	The Ministry may revoke or suspended the clearance, if implementation of any of the above condition is not satisfactory.	
<b>PPs Submission:</b> Complied Noted		Date:	29/05/2025
10	Statutory compliance	The Ministry reserves the right to stipulate additional conditions it found necessary. The company in a time bound manner will implement these conditions.	
<b>PPs Submission:</b> Complied Noted		Date:	29/05/2025
11	PUBLIC HEARING	The project proponent shall inform the public that the project has been accorded environmental clearance by the Ministry and copies of the clearance letter are available with the UEP and PCB/Committee and may also be seen at website of the Ministry of Environment and Forests at <a href="http://envfor.nic.in">http://envfor.nic.in</a> This shall be advertised within seven days from the date of issue of the clearance letter at least in two local newspaper that are widely circulated in the region of which one shall be in the vernacular language of the locality concerned and a copy of the same should be forwarded to the Regional office at Lucknow	
<b>PPs Submission:</b> Complied Point implemented. Copy of the newspaper publication sent to MOEF Regional Office, Lucknow through a cover note dated 08-03-07.		Date:	29/05/2025

12	Statutory compliance	The Project authorities shall inform the regional office as well as the Ministry the date of financial closure and final approval of the project by concerned authorities and the date of commencing the land development work, if any.
PPs Submission: Complied Noted		Date: 29/05/2025
